The Mayor's Charity Appeal

"I have nominated two charities who will benefit from this year's Appeal. The charities I have chosen are Born Too Soon and Macmillan Cancer Support. Please help me make this a really special year for these charities by supporting this event. These two charities play a very important role in the lives of many local families as they go through some very hard times."

WE ARE MACMILLAN. CANCER SUPPORT

Macmillan Cancer Support provide emotional, practical and medical support to those living with cancer as well as their friends and families.

We are known for our **nurses and medical services** but we also provide many other services such as our support **phone line, information services and support groups**.

In the Royal Borough of Kingston last year, Macmillan invested over £270,000 in local services and gave out over £10,000 to local people living in your borough to help them manage their cancer diagnosis.

BORN TOO SOON ™

Born Too Soon is a registered charity set up in 1985 to offer information and support to families whose baby is being cared for on the Neonatal Unit at Kingston Hospital NHS Trust.

Our **specialist unit** cares for not only small preterm babies but also unwell newborn infants.

Born Too Soon **raises funds to purchase specialist equipment** and also **supports families** after they leave the Neonatal Unit at regular weekly meetings held at Welcare House, as well as providing support to the families whose babies sadly die

If you are unable to attend the Wine Tasting but would like to make a donation, please send a cheque made payable to 'The Mayor's Charity' to the address shown below.

Charity Wine Tasting Event

A reception drink and canapés will be served in the Mayor's Parlour where you will get the chance to meet the Mayor and Mayoress and see some of the Parlour treasures like: the Great Mace and its James I seal.

Majestic Wine have very kindly agreed to provide two experts who will run the Introduction to Wine Course. This will focus on:

- How to taste wine like a wine professional
- The factors that influence wine styles
- The wine making process
- Techniques for matching food with wine (includes delicious samples of food whilst food matching)

You will have 7 different wines to taste and the evening will include:

- Comparative tasting between wines from cool and warm climates and the affect that has on acidity and depth of flavour
- Information on the Champagne Method, the best serving temperature for different wines & how to select wine so it complements the food it is being served with

The evening will end with a fun quiz.

A special thanks for their very kind support of this event:
