Your Supporter Guide to the Baxters Loch Ness Marathon and Festival of Running

All the information your friends and family need to help support you around the course.

Supporter Point One (for marathon only)

- The only spot we can get accessibility too at the start of the race (6.5 miles)
- There is no accessibility by public transport, you will need a car to reach this point. There is no car park either you will have to park along one of the adjoining roads to the B852 where the road blocks are at the end of each road (roads highlighted by ☆as they are unnamed roads).

Runner run along this orange marked road

Supporter Point Two (for marathon only)

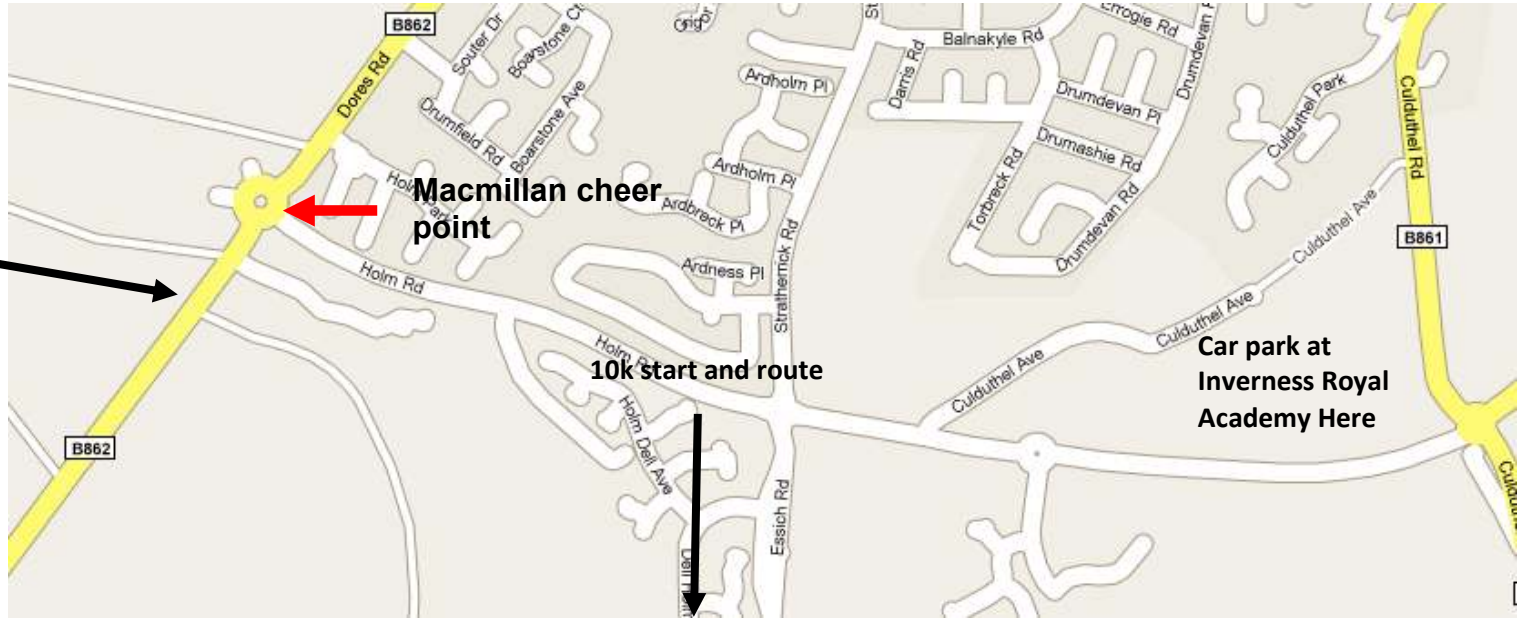
- Situated at 15 miles – over half way just when runners are in need of another cheer!
- There aren't any parking facilities but you will be able to park cars where the road is closed off (when B852 and B862 meet).
- Dores Inn Hotel is also located there which is a recommended spectator point from the race organisers.

Runners run along the B852 and then onto the B862

Supporter Point Three (for marathon and 10k route)

- Encompasses the marathon route (approx 21 miles) and the half way on the 10k route.
- Car parking is available at the Inverness Royal Academy, it is just a short walk up Holm Road to our cheer point. Unfortunately there will be no car access down Holm Road so you will have to walk from the car park. The distance is under a mile.

All marathon and 10k runners run along the B862 onto Dores Road



Supporter Point Four (marathon, 10k and 5k route)

- We will finish with a final cheer along the finishing straight in Queens Park Stadium to help all of Team Macmillan cross that finish line.
- Parking is available at Bught Park – please refer to your race guide for further information.

Queens Park Stadium

If you friends and family would like further information on Team Macmillan's Supporter Points please contact lochnessmarathon@macmillan.org.uk or call 020 7840 4937
