

Managing the effects of pelvic radiotherapy

In response to patients' and professionals' feedback, Macmillan Cancer Support now offer a selection of patient information on the late effects of pelvic radiotherapy which are tailored to patients' needs at different stages of the cancer journey.

Before and during treatment – to be used as appropriate at various points from consent to treatment through to post-treatment follow up (if no late effects are evident).

This booklet is for women who **are having, or are going to have**, radiotherapy to the pelvic area.
Order code: **MAC13944**

This booklet is for men who **are having, or are going to have**, radiotherapy to the pelvic area.
Order code: **MAC13943**

After treatment – intended for use once late effects have been identified.

This booklet is for women who **are experiencing long term effects** of pelvic radiotherapy treatment.
Order code: **MAC13826**

This booklet is for men who **are experiencing long term effects** of pelvic radiotherapy treatment.
