

RECOVERY PACKAGE RESOURCES

**WE ARE
MACMILLAN.
CANCER SUPPORT**

For professionals

The following resources are available on be.macmillan.org.uk to help you implement the Recovery Package. Simply register to order the free information you need.

After cancer treatment: a guide for professionals

Designed to accompany the Macmillan patient booklet *What to do after cancer treatments ends: 10 top tips*, providing practical ideas for healthcare professionals in supporting patients through their recovery.

Order code: **MAC14302**

Assessment and care plan folder (including triplicate pad)

This folder allows health professionals to conduct an assessment and care plan with their patient, providing a copy for the patient, GP and healthcare professional.

Order code: **MAC13689**
(and **MAC13689_CARE** for the pad)

The Recovery Package: sharing good practice

An introduction to the Recovery Package with real life examples of people who have implemented different parts.

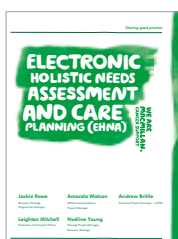

Order code: **MAC15514**

Health and wellbeing clinics: sharing good practice

Advice on setting up health and wellbeing clinics, evaluating them and understanding their key benefits.

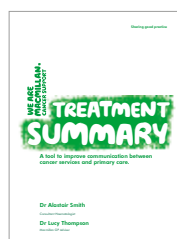

Order code: **MAC15174**

Electronic holistic needs assessment and care planning (eHNA): sharing good practice

How to develop an electronic version of the assessment, including testing, evaluation and case studies.

Order code: **MAC5772_0914_SGP**

Treatment summary: sharing good practice

The treatment summary template is provided along with advice on linking primary and secondary care via case studies.

Order code: **MAC14582**

Holistic needs assessment and care planning: sharing good practice

An introduction to assessment and care planning, including an example from a test site and top tips for implementation.

Order code: **MAC14583**

Treatment summary: user guide and templates

Information to help implementation, including rationale for data fields, READ codes and which template to use.

Order code: **MAC13894**

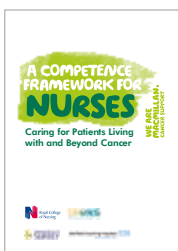

Supporting material

Throwing light on the consequences of cancer and its treatment

A report for people involved in commissioning and providing services that meet the needs of people living with and beyond cancer.

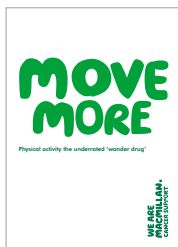

Order code: **MAC15485**

A competence framework for nurses: caring for patients living with and beyond cancer

Co-developed by Macmillan, UKONS and Consequences of Cancer and its Treatment Collaborative. Designed to assist nurses with professional development and career progression; enable them to provide excellent care whilst supporting their relationship with the people they care for.

Order code: **MAC14735**

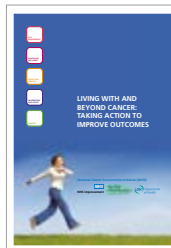

Move more

This report examines the evidence showing that physical activity can significantly help improve cancer patient outcomes.

Order code: **MAC13315**

Specialist and in-depth materials

Living with and beyond cancer: taking action to improve outcomes

To support commissioners, commissioning support units and providers to improve cancer survivorship outcomes.

Please note that due to its specialist nature, this is not available on be.macmillan.org.uk but can be ordered by contacting recoverypackage@macmillan.org.uk

Innovation to implementation: stratified pathways of care for people living with or beyond cancer – a how to guide

Provides local teams with a practical 'how to' guide based on test sites' experience. It is a detailed reference tool designed to be shared by a team of clinicians.

Order code: **MAC14481**
