Photographs of children will not be used in this manner without express written consent; unless the images are incidental, for example, children’s images at the starting line. By registering a child of under 18 years old as an additional walker, you are confirming the under 18 year-old’s parent or legal guardian is happy for their images to be used in this manner. HEALTH AND SAFETY

This challenge is physically demanding. If you are unsure of your physical ability to take part in the **Rhondda Walk** then you must take medical advice from a general practitioner prior to the event. We recommend that you do not take part in the event if you have received medical advice not to take exercise.

We take all reasonable steps to minimise the risk of injury to participants during our fundraising events. There is a risk assessment process in place for each and every Macmillan Committee organised walking event which aims to minimise or eliminate the risk to everyone taking part. However, by taking part in this event, you acknowledge that there may be conditions or circumstances beyond our control that can lead to unforeseen risks. If you have any concerns or queries please contact us before agreeing to take part in this event. Please be aware that the event risk assessment is measured on the basis that Rhondda **Walk** is a non-competitive walking event and we request that no participants jog or run at the event.

For health and safety reasons participants arriving late must abide by the instructions and decisions of the Event Organisers or their representatives at the walk starting area.
