Volunteer!

Join us and together we can make a difference. Our organisation was started by a volunteer over one hundred years ago, and today volunteers are still at the very heart of everything we do. There are a variety of volunteer opportunities available locally so whether you have a regular few hours each week or just time occasionally there will be a volunteer role just right for you!

Currently we have a real need for the following types of Volunteers, so if you think you have what it takes get in touch!

Corporate Volunteer Ambassadors

Use your network and business skills to help introduce local businesses to Macmillan. Demonstrate to them the great business benefits of working for a charity and in doing so broaden your own network and influence.

Collection Co-ordinators

We are looking for responsible people to help Macmillan co-ordinate collections and banking of funds raised locally. If you have time, access to a car or good transportation and great at counting then please get in touch.

Speakers

If Macmillan and cancer are something you feel passionate about and you enjoy speaking to people, then why don't you consider being a Macmillan Speaker. You could find yourself in front of school children one day and then a Round-Table or WI group the next. You will be given loads of training and support to help you go out and inspire millions to join our cause!

Marshals and Cheering Squads

We have a number of running and walking events in our area and we are always looking for marshals and cheering squads to help support and look after our Macmillan supporters taking part. If you can spare a few hours to help out at one of these events, we would love to have you as part of our team!

Event Co-ordinators

If you are a great organiser, enjoy getting your hands dirty and getting involved in running events then perhaps you would like to volunteer as one of our events co-ordinators? We will allocate a specific project for you to work on and support you at the event. We would need to make sure you have the right skills and time to dedicate to this role but if you do then it is a great way to make a difference.
