

MARCH 2014 EXHIBITIONS

PRIVATE VIEW - FRIDAY 7TH MARCH AT 6PM

ON THE TRAIL OF THE LONESOME PINE

A Radiotherapy photo project by Ashley Green. Supported by Macmillan Cancer Support. Ashley was diagnosed with cancer for the second time in 2011 and has used the camera to document each day during his radiotherapy treatment at The Royal Marsden Hospital. This photographic diary carries an important message about attitudes towards cancer treatment and recovery.

SHOW & TELL

Mixed media group exhibition by seven artists. Show & Tell is the latest exhibition of work by artists affiliated to the Bristol Life Drawing group. This exhibition highlights the work of seven artists; Donna Best, Chris Hibbard, Christine Saville, David Northcott, Peri Taylor, Akhil Komadath and William Stevens. Expect high quality painting, drawing, printmaking and iPad works.

AMANDA COZENS

An exhibition of anthropomorphic paintings by Amanda Cozens. I am passionate about story telling and love the idea that people find their own narrative in their responses to my work. I am fascinated by the characteristics that humans and animals share. There is this capacity within us to empathise with other creatures and to weave them into our own stories.
