Play the Lotto Sweepstake

This is your chance to make some extra cash and raise vital funds for Macmillan while you're at it. As you'll discover, it's a whole lotto fun.

How to play

The idea is to guess the bonus ball of either the National Lottery or the Irish Lottery. Pay £1 to play and choose a number between 1–49 (National Lottery) or 1–45 (Irish Lottery). Then simply write your name in a square below. The winner keeps half of the proceeds and the other half is donated to Macmillan. Both lottos are drawn twice a week (on Wednesdays and Saturdays). You can check the results at national-lottery.co.uk or irishlotto.net. Remember – in this lottery game, everyone's a winner.
