

## Is your child being treated for brain, central nervous system or intracranial tumour?

We can help to put a smile on their face.

*Tom's Gift* is a wonderful initiative that sends a colourful package of treats, addressed just to them, in the post. Inside is both a small **mystery present** and a **£30 Debenhams gift voucher** to spend in-store or online on anything they find fun and enjoyable.

It's a little treat from us that recognises the bravery and resilience of your superhero!

To find out more and apply for *Tom's Gift*, speak to a professional supporting your child or visit [macmillan.org.uk/tomsgift](https://macmillan.org.uk/tomsgift) to download a simple application form.

If you're unsure whether your child qualifies for *Tom's Gift*, please call **020 7840 4601** for guidance.
