Total grants to institutions and partner organisations as per note 10 to the Macmillan Financial Statements 2018	8,002	58,823	12,431	79,256

*Other grants are those which are made in relation to a service which is more than just for a Macmillan post or a building. This includes developing and supporting research and services to assess and meet patient needs across health, financial, information, emotional and practical support, from diagnosis onwards. Negative values reflect a net re-allocation of grants between categories.

Grants to individual institutions disclosed above represent new commitments in 2018 excluding releases of any unused prior year commitments.
