Cancer voices = individual people with personal experience of cancer which they are willing to share to help achieve change:

Ambition 1: more and better opportunities for individual people living with cancer to be involved, and for them to be better supported, communicated with, and heard

Ambition 2: co-design a new partnership with People Living With Cancer across the UK for collective voice and influence
WAYS OF WORKING / FOUNDING PRINCIPLES

In everything we do to engage, learn with, and involve people with experience of cancer in Macmillan’s work, we aim to:

- ENGAGE FOR DIVERSITY AND INCLUSION
- LISTEN, UNDERSTAND, ACT ON WHAT WE LEARN
- WORK WITH, NOT DO TO
- SEE WHOLE PEOPLE, NOT JUST ‘PATIENTS’
- CONNECT IN COMMUNITIES, NOT JUST SERVICE SETTINGS
