Getting ready to die

Palliative Care, End of Life Care and Bereavement
This booklet uses easy words and pictures to help you get information about cancer.

You might want someone to help you look at the booklet so you can talk about it.

There is a Word Bank at the back of the booklet to help with hard words. Any words in **bold** you can find in the Word Bank.

This booklet can help you learn about cancer. But this is not the same as talking to your doctor. If you are worried about your health, you should talk to a doctor or nurse.
When people find out that they won’t get better, they often want to plan how they will spend the time they have left.

While you are still well enough to make decisions it can be a good idea to think about what you want at the end of your life.
Thinking about your life

It is important that the end of your life is also a time to celebrate and remember the good things about your life. It can be important to think about the people who will remember you.

A Life Story Book and a Memory Box are two things that you can make for others to remember you by.

A Life Story Book is a book where you can put photos of people who are important to you and pictures of things you have done in your life.
Getting ready to die

This can help you remember things that have happened. You can talk about your life as you make the book.

You can make a family tree with photos showing everyone in your family, and you.

A Memory Box is a box where you can put things that are important to you. This might be things that remind you of a holiday or a special place, or photos.
Getting ready to die

You can also put messages or letters to the people you love in the Memory Box.

You can say who you want to have the Life Story Book or Memory Box after you have died. Or you can give different things to different people.

Seeing people

There may be family or friends who you want to talk to that you have not seen for a long time.
Getting ready to die

Get support if you need it to phone people and arrange to see them.

Support to do things

If there are people you will not be able to see then you could write letters to them. Ask for help with this if you need it.

There might be things you want to do now that you might not be able to do in the future.
Getting ready to die

You can ask for support to help you do the things you want to do. It might not always be possible but you can ask!

Making a will

Making a will is writing down what you want to happen to your things after you die.
Getting ready to die

You can choose which of your things go to certain people so that they can remember you.

You may have money that you want to leave to people. You could also choose to leave money to a charity you like.

Bereavement
Bereavement is the feeling of loss and grief that someone may feel when someone they loved, or were close to, has died.

End of life care
This is care and support to help a person during the last weeks and days of their life until they die.

Life Story Book
A Life Story Book is a book where you can put photos of people who are important to you and pictures of things you have done in your life.
**Memory box**
This is a box where you can put things that are important to you. This might be things that remind you of a holiday or a special place, or photos. You can leave the box behind for others to remember you by.

**Palliative care**
This is the support and care people have when their illness can’t be cured. It means making the person as comfortable as possible with medicines.

It also means helping them with their feelings and any spiritual needs.
**Word Bank**

**Will**
A will is a legal document that a person makes before they die. It says what they want to happen to their things and their money after they die.
