WORK IT OUT: THE ESSENTIAL QUESTIONS TO ASK ABOUT WORK

Not returning to work

We've created this work it out tool so you can find just the information you need about work issues at every stage of your cancer journey. We hope that using the tool will boost your confidence and inspire you to deal with any workplace issues you have.

The important bit:

Please use the tool as a flexible guide because not all questions will be relevant to everyone. For example, not everybody living with and beyond cancer will need to take time off work or will experience problems in the workplace. And your issues will vary depending on your individual circumstances.

Further information

We hope you'll find this resource useful. Hang on to it for reference.

If you'd like to know more, or if you have questions about work and cancer that we haven't covered here, you can find us online at [macmillan.org.uk/work](https://www.macmillan.org.uk/work)
Or speak to us over the **Macmillan Support Line** on **0808 808 00 00**.

How to use this tool

The work it out tool features a range of questions you may need to ask at different points along your cancer journey.

We've divided the questions into four categories, each representing a different work-related stage:

1. Initial work issues and absence from work
2. Preparing to return to work
3. Returning to work
4. Not returning to work

And then we've sub-divided each category into three topic areas:

- Health
- Finance
- Work

We've indicated who you should ask each question, for example your line manager, GP or oncology team, by ticking the relevant boxes beside it.

You may need to ask some of the questions earlier or later than we've said in the tool. Just pick and choose the questions and the times to ask them that best suit you.
